

COVID-19 & VARIANTS - PROCEDURES

EPCFA is pleased to announce that we will be opening for most of our recreational children's fitness classes as of June 6, 2022.

To help control the spread of the Covid-19 and its variants, and for the safety and health of our children and parents, EPCFA has implemented the following safety precautions.

Parent Responsibilities: We ask that children and parents stay in their car until 10 minutes prior to their class start time. EPCFA must limit one parent/guardian and one sibling per family **only** in the observation room due to space restrictions. Masks for parents/children will be optional. Please provide your child with a water bottle. Prior to coming to class, please have your child use the bathroom and wash their hands. Hand sanitizer is available at the front desk and all studios and gyms.

A teacher/instructor will meet your child/children at the observation room for class. After class, child/children will be released to their parents in the observation room.

For all PreK classes, children must be independent and potty trained. EPCFA is not certified to teach special needs children.

Water fountains will be closed. Please bring a water bottle along to class.

No food will be allowed in the gym areas, dance studios or observation area.

Due to the large number of children, parents and guests that would occupy our gym and birthday party room, we temporarily will not be having Birthday Parties.

Thank you for complying with these procedures to help ensure everyone's safety.
